- Clean running gasoline engine meets all Californian emission laws.
- Low frequency & high amplitude for better soil compaction.
- High quality construction.

**SUPPLIED WITH:**  
Spark Plug Socket, 17fl oz Of Oil.

### TECHNICAL SPECIFICATIONS:

Engine Power	2.4HP	Oil Capacity	13.5fl oz
Speed	3600min-1	Fuel Type	4 Stroke Unleaded
Spark Plug	NGK BPR6ES	Fuel Capacity	67.5fl oz
Compaction Force	2250lbs	Tool Weight	76lbs
Vibration Force	46m/s <sup>2</sup>	Tool Dimensions (HxWxL)	40" x 12-1/2" x 50-3/4"
Plate Working Area	15-3/4" x 12-5/8"	Shipping Weight	85lbs
Usage Time	20mins	Shipping Dimensions (HxWxL)	17" x 15" x 27"
Sound Pressure Level (LWA)	101dB(A)	UPC#	849713012807
Vibration Level (at Handle)	7.43m/s <sup>2</sup>		

The HULK 15-3/4" x 12-5/8" Compaction Plate is a superb addition to the Evolution Build product range. A high-quality machine with **amazing value for money**, the HULK offers a very realistic alternative to renting for many users.

Powered by a **2.4HP gas engine**, this is a compact machine and portable, but rest assured although **small in size** - performance is not compromised.

This excellent compaction plate is perfect for the **building and landscaping industries**. It is ideal for a range of surface preparation needs.

Suitable for:

- **Crusher Run** • **Sand** • **Soil**
- **Small Aggregates**
- **Paving Preparation**
- **Driveways & Tarmac Repair**

### ESSENTIAL ACCESSORY... PAVING PAD AVAILABLE

**For finishing a block paving or patio job.**

With this pad fitted to the underside of the machine the HULK can then be used directly on to the flag stones or paving blocks for a perfectly even finish.

**UPC# 849713011480**
