POWER TOOLS

FURY S.A.W: PAGE 4-5

FURY3 S.A.W: PAGE 6-7

BRAND OVERVIEW

With over 20 years in the industrial power tool market, Evolution have established a well-earned reputation and are recognised worldwide as a market leader within the steel and fabrication industry.

ADVANCED TCT TECHNOLOGY

Moving on from their specialist background in steel dry cutting technology Evolution are now one of the fastest growing power tool brands in the world. Thriving on the success of a range of TCT Multipurpose Saws which cut Steel, Aluminium and Wood, along with many other exciting innovations.

EVOLUTION PROJECT™

High performance, innovative tools ideal for the DIY enthusiast. Evolution Project tools offer all the innovation and versatility which is synonymous with Evolution and at a competitive price point. Aimed directly at the home user who demands a quality product.

Evolution also offer two other power tool ranges:

EVOLUTION BUILD™

Quality professional tools which are innovative and well priced. Aimed at the construction industry and subsidiaries. Suitable for daily use and multipurpose, offering many new applications over normal power tools. There is a full range of blades and accessories available for the respective saws, site machines and tools.

EVOLUTION STEEL™

A range of specialist products dedicated to the steel industry. Heavy duty industrial tools suitable for sustained daily use. Pioneering dry cutting technology, Evolution Steel products are established as a market leader within the steel industry and enjoy a strong reputation worldwide.

 EVOLUTION
12 MONTH
 GUARANTEE

QUALITY AND GUARANTEE

All Evolution products are manufactured to exacting standards and subjected to rigorous inspection and testing procedures ensuring a power tool which you can depend on. Testimony to this is the 12 month warranty which covers all Evolution's Tools.

ONE SAW & ONE BLADE.

FURY®

WITH RAGE® TECHNOLOGY

185mm TCT MULTIPURPOSE CIRCULAR S.A.W.™

THE ULTIMATE CUTTING TOOL FOR THE HOME WORKSHOP.

CUT STEEL, ALUMINIUM AND WOOD WITH ONE SAW AND ONE BLADE!

This superb circular saw provides the user with an unbelievable range of possibilities. Utilising innovative RAGE® multipurpose technology the FURY® will easily cut **Steel, Aluminium and Wood (even wood with nails)**, using one single blade.

The FURY® offers an economical performance through even the most robust of materials, typically a FURY® blade can cut up to 10 metres of mild steel* before a replacement is required.

The saw and respective multipurpose blades offer considerable value for money, with the FURY blades being equivalent to the cost of normal good quality wood blades.

The FURY® is stunning in it's capabilities; incredibly, it features the same revolutionary technology that inhabits the professional RAGE® saws but with the home user firmly in mind.

Available In 230V

Ergonomically Designed Handle

Safety Switch With Overload Protection

Auto Debris Collection System

Powerful 1050W Hi-Torque Motor

0-45° Bevel Cut

55mm (2 1/4") Max Cutting Depth
